## LOVED PEOPLE DO BETTER

For 30 years, the Desjardins have been helping couples succeed in building happy, healthy and rewarding relationships. They offer powerful and transformational workshops.

Year after year, the Desjardins have reinvented themselves as individuals and as a couple. It has been said that you can take another only as far as you have gone. The Desjardins are masters at creating a *Circle of Love*...a safe place in which it is possible to access the Authentic Self—A Whole, Free, Creative and Loving Self.

This Couples Workshop—*Circle of Love*—is an intensive and fast track for *Transformation, Positive Change and Renewal*.

*Circle of Love*: is a workshop where you step out of the routine of life and you enter a time space dedicated to discovery, thus allowing clarity, change and newness to emerge strongly and deeply.

*Circle of Love*: is a school where you get an education and an assortment of practical tools to make positive changes as well as result-oriented coaching in coping strategies for successful living.

*Circle of Love*: The Desjardins' vast experience in human behavior and relationship offers couples a major qualitative difference in ways to resolve issues. Their work goes beyond therapy and helps individuals tap into the essence of their beings and the *Space of Love* within—where one KNOWS.

HP PRODUCTIONS offers this 4-day program for couples that is fully individualized and customized to each couple's specific needs.

### WHO CAN BENEFIT AND HOW

IF you have done a lot of therapy work and are currently challenged by some specific issue in your relationship that is depleting your energy, keeps your relationship "stuck" and prevents you from functioning at your best, this program will allow you to focus, gain a different perspective and acquire new practical tools and skills.

IF you have been for some time in the recovery process of addictions, working your program, going to meetings, only to hit a plateau where you have the impression that your relationship has lost the joy and love you used to share, and IF you are struggling with past issues or repeating the same patterns, but expecting different results, this program will help you to take recovery to a new level and true spiritual transformation.

IF you have never done any introspective work but are experiencing some of the following symptoms: Communication within the relationship seems to cause distancing. You dread or fear to start a meaningful conversation. Lately you feel restless, pulled in different directions. Your relationship feels like a burden and chore. Finances are a drain on creative energy and ground for conflicts. You have forgotten what your real needs are and you are numb to the needs of your partner. Sex has become a "thing" we used to do with passion and now we can't talk about it. IF any of the above symptoms are present, this program will allow you to clarify your needs, establish new boundaries, rekindle the passions, and bring love back into your life. Yet if you are ready to part, this program will give you the necessary tools to empower you to do that lovingly.

IF you are on a spiritual path but feel lonely, numb, and depressed, and IF you have lost the sense of direction and purpose of your relationship, this program will gently re-orient your thought and feeling process, allow you to reconnect and realign with your deeper values. It will help you get a higher vision of yourself, your partner and life.
